

**Meeting: Curriculum Committee Meeting**

**Date/Time/Location: 05/09/2019 – 8:30 AM – Development Room**

**Present:** Dr. Kellie, Dr. Terri, Kathy Henry, Erik Kornkven, Wanda Laducer, Ace Charette, Sheila Trottier, Dr. Teresa, Craig Johnson, Dr. Alex.  
**Officiating Recorder:** Zachery King

Agenda Item	Discussion – Conclusion	Recommendations or Actions
<p>1. Call to Order</p> <p>2. Associate of Science Degree - Terri</p>	<p>Meeting was called to order by Dr. Kellie Hall at 9 AM</p> <p>Terri – There was some concern of the from an Arts and Humanities instructor. The science program would hurt from to many electives. Some electives students should be able to pick. 2 of 3 are in favor of the benefits of the elective.</p> <p>Kathy – How does it hurt the science?</p> <p>Terri – 12 science at least 3 courses, a total of 5 courses in science. In terms of humanities, there would 9. We are heavy on the degree. In STEM they have about 5 courses. It limits and arts and social science. By opening this up it helps students explore.</p> <p>Erik – Could we have 9 credits of electives? 12 to 9 its more balanced. 3 classes from anywhere. If we open this up now it hurts arts and humanities. A student could take 12 credits of science and 8 of arts and humanities.</p> <p>Terri – It seems beneficial so students can explore other areas, to open this up. Motion to open electives on both AS AA on content. Science open to humanities.</p> <p>Erik – HPER would not be beneficial. Not an option for either. Across the board, a person could just take walking or weighting lifting.</p> <p>Terri – We have very little in HPER.</p> <p>Erik – We have a degree in physical fitness here.</p> <p>Wanda – Students PELL is only taking care of to what we have in the catalog.</p> <p>Kathy – I think we should open this up because it will allow students to have some relaxing classes like I know some students want to take beading but can't. This would help in many ways. I advocate for my</p>	<p>Quorum was present.</p>

	<p>students to take culture classes.</p> <p>Kellie – Motion to open this up?</p> <p>Terri - Open to electives to other academic areas except HPER?</p> <p>Kathy – are we a liberal community college? Classes get cancelled for example yoga has been cancelled twice because lack of enrollment.</p> <p>Ace – If students are missing out, we may need to look at advising.</p> <p>Erik – Could archery be a AHU? I worry about students taking 6 credits of HPER.</p> <p>Sheila - Exclusionary added to the catalog?</p> <p>Terri – I don't think there will be a problem with opening this up. A student would have to take 8 classes, it wouldn't work.</p> <p>Erik motion          Craig 2<sup>nd</sup>          All in favor          Motion passes.</p>	
<p>2. Associate of Arts Degree – Terri</p>	<p>Teresa motion          Alex 2<sup>nd</sup>          All in favor          Motion passes.</p>	
<p>3 Associate of Arts Degree - Terri</p>	<p>Terri – I am going to leave this as is, no action because it already exists.</p>	
<p>4. Intermediate          Maawandoogwaasonikan - Terri</p>	<p>Terri – I had asked to table this because I wanted to talk to Andrea. We have a basic quilting, Andrea is requesting an intermediate quilting and it does fit in. It's a 3 credit class.</p> <p>Erik motion to approve          Ace 2<sup>nd</sup></p>	

	<p>All in favor Motion passes</p>	
<p>5 CSCI 101 - Terri</p>	<p>Terri – Leave it as is, I want to research it. Intro to computers Remove for the time being</p>	
<p>6 Bachelor of Arts in Education for English - Terri</p>	<p>Ace – I can add this to the survey that will be asked to the students. We can add this data to the HLC. This will show the interest in this program.          Kellie – Do we have a program for a 5 year? Worried about PELL.          Alex – No this wouldn't be in the catalog; this is for advising.          Kellie – We should allow students to declare double major. We research why we don't allow double major. Institutionally holding ourselves back.          Wanda – You can double major, but your allowed to take one program of study.          Ace – How do work this in with decolonization. Can we blend native authors? Theory of literature, decolonization is important in that.          Alex – We can balance out encounters. A native perspective.          Kathy – The high school has been wondering if we are going to offer an English degree to bring in local instructors.          Erik – That is the biggest part in decolonization, the community gaining English instructors from the local community college.</p>	

	<p>Kellie – If declared as a freshman, they need a 3.0 if coming in and need to keep that. Anyone else coming in without that, they only need 2.5.</p> <p>Teresa – The 2.5 students coming in often struggle. We would like to see 3.0 our sophomores to have a B or higher.</p> <p>Terri recommend to approve with changes with ace looking to it and meet with Alex, courses are matched with ND course numbering, catalog listing. Alex will send Terri updated version.</p> <p>Erik motion          Craig 2<sup>nd</sup>          Motion passed</p> <p>Bachelor number 6</p>
<p>7 Intro to Poetry Course - Terri</p>	<p>Terri – We thought this was a new class, but it exists. I recommend to throw this out because already have it.</p> <p>Erik – Stuart wants to turn this into a song writing class.</p> <p>Kathy – Sounds like a special topic</p> <p>Erik – We would like to see if we could make it transferable. Where does it fit?</p> <p>Terri – Stuart can use this title and use song writing in the course. I don't know what's in the course description write now.</p>

<p>8 EDUC 200 Foundations of Education credits from 2 to 3 - Terri/Teresa</p>	<p>Kathy – Change to intro to teaching</p> <p>Terri – I don't have the syllabus or course description.</p> <p>Teresa – We can't find one.</p> <p>Kathy – This class isn't going to be light, but they will get a good idea of what teaching is like. A little more rigorous. Lesson plans, teaching strategies, what is expected of them.</p> <p>Teresa – We need to know if we can move on with this.</p> <p>Terri – We don't need a forum, because we have it. The request is that 2 to 3.</p> <p>Alex Ace Motion passes.</p> <p>Alex – We don't we have pluses or minus's?</p> <p>Kellie – This would be some good discussion.</p> <p>Terri – Is this a problem for Teacher Ed.</p> <p>Teresa – It has not been.</p> <p>Erik- It will not make a difference, I believe. There is always going to be a student that misses by a .01%.</p> <p>Motion to adjourn? Craig Ace Motion passes</p>	
<p>Adjourn</p>	<p>Meeting was adjourn at 10:27 AM</p>
