Re: TMCC Annual Security Report
Date: September 27, 2019

Dear Students and Employees:

The Turtle Mountain Community College Annual Security Report is now available.

Turtle Mountain Community College places a high priority on creating a safe learning and working environment for the campus community. Our office works closely with local law enforcement agencies and other community safety groups to ensure we are proactive in reducing crime on our campus. Safety and security is a shared responsibility and we ask all community members to be observant and report any safety related issues to our department.

The Annual Security Report provides a detailed summary of Turtle Mountain Community College's proactive efforts to keep our campus as safe as possible. The information in the Annual Security Report provides detailed information regarding safety on the campuses of Turtle Mountain Community College for the last three years. It also provides a listing of safety related community resources available to students, staff, and faculty both on and off campus.

The Safety Compliance Officer and Dean of Student Services, located at The Turtle Mountain Community College's main campus building, prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crimes Statistics Act of 1998. This report is prepared in cooperation with local law enforcement agencies responsible for our campus locations.

Pursuant to the *Student Right to Know* and Campus Security Act, Turtle Mountain Community College monitors criminal activity, publishes this report, and maintains a three-year statistical history on the main campus and at off campus property locations or facilities owned or used by Turtle Mountain Community College.

Hard copies of the Annual Security Report can be made available upon request from the Safety Compliance Officer. There will also be a hard copy of the report located in the TMCC Library,
