Position Title: Geology Instructor  
Contract Term: 9 month Academic Year  
Accountable To: Dean of Academics  
Salary: $62,188 (minimum)

Summary of Position: Provide post-secondary, learner-centered instruction in Earth Science with an emphasis in geology in accordance with the TMCC Mission Statement. Encourage a culture of learning that values mutual responsibility, life-long learning, as well as personal and professional development.

The responsibilities of a full-time faculty member are divided into the four categories: teaching, advising, service and scholarship to the College and the community.

TEACHING & ADVISING
The key purpose of the College and therefore of faculty, is instruction. Enabling students to fulfill their total personal, intellectual, and vocational objectives constitute the heart of faculty responsibility.

- Classroom and laboratory preparation, learner centered instruction and supervision of students. Course examples include Physical Geology/Lab, Environmental Geology/Lab, The Earth through Time/Lab, Introduction to Global Climate, Astronomy, Climatology, and Oceanography.
- Measurement of student performance including the preparation, administration, grading and evaluation of student coursework, and the reporting of grades in a timely manner.
- Coordination and assessment of academic courses and programs. Continuous research and implementation of effective teaching methods and materials.
- Develop and follow an Individual Professional Development Plan (IPDP).
- Development of new courses and programs of study.
- Periodic evaluation of library holdings and recommendations of books.
- Implementation and participation in service learning/community service project(s). Community instruction such as preparation and presentation of College course work off-campus, workshop, seminars, and in-service for professionals and others.
- Post schedules and maintain office hours.
- Providing educational guidance and assistance for students by planning schedules, recommending courses and determining appropriate education solutions
- Other tasks as needed.

SERVICE & SCHOLARSHIP
- Service on departmental, self-study or institutional committees.
- Participation in College sponsored activities such as recruiting students, graduation activities, and other planned activities and meetings.
- Coordination, advisement, and supervision of student activities, organizations and clubs directly
Geology Instructor

related to the academic programs or supplemental to academic programs.
