The provisions of this catalog are not to be regarded as an irrevocable contract between the student and TMCC. Catalogs and bulletins of educational institutions are usually prepared by faculty committees and

administrative officers for the purpose of furnishing students with the appropriate information. The catalog has attempted to present information regarding admission requirements, ground rules, and regulations of the college for the 2022-23 academic year in as accurate and up-to-date manner as possible. This does not, however, preclude the possibility of changes taking place during the academic year. If such changes occur, they will be publicized through normal channels such as newspapers, TMCC website, and our message boards.

Educational Purposes

Institutional Philosophy

Turtle Mountain Community College (TMCC) is a tribal community college with obligations of direct community service to the Turtle Mountain Band of Chippewa Indians. Under this unifying principle, the College seeks to maintain, seek out, and provide comprehensive higher education services in fields needed for true Indian self-determination.

The Seven Teachings of the Anishinaabe People

The philosophical foundation of the college is embedded in the system of values that stem from the heritage and culture of the Anishinaabe people and expressed in the Seven Teachings of the Tribe.

1. To cherish knowledge is to know **WISDOM**.
2. To know **LOVE** is to know peace.
3. To honor Creation is to have **RESPECT**.
4. **BRAVERY** is to face the foe with integrity.
5. **HONESTY** in facing a situation is to be honorable.
6. **HUMILITY** is to know yourself as a sacred part of Creation.
7. **TRUTH** is to know all these things.

Institutional Mission Statement

TMCC is committed to functioning as an autonomous Indian controlled college on the Turtle Mountain Chippewa Reservation focusing on general studies, undergraduate education, Career and Technical

Education, scholarly research, and continuous improvement of student learning. By creating an academic environment in which the cultural and social heritage of the Turtle Mountain Band of Chippewa is brought to bear throughout the curriculum, the college establishes an administration, faculty, staff, and student body exerting leadership in the community and providing service to it.

Institutional Goals

Turtle Mountain Community College hereby establishes the following goals:

1. A learning environment stressing the application of academic concepts to concrete problems;
2. Academic preparation for learning as a life long process of discovery of knowledge embedded in the intellectual disciplines and the traditions of the tribe;
3. In and out of class opportunities to discover the nature of Indian society, its history, variation, current and future patterns, needs, and to serve as a contributing member toward its maintenance and betterment;
4. A curriculum wherein Indian tribal studies are an integral part of all courses offered as well as history, values, methods, and culture of Western society;
5. Continuous assessment of institutional programs and student academic achievement for the purpose of continuous improvement of student learning;
6. Baccalaureate, Associate of Arts, Associate of Science, Associate of Applied Science degrees and certificate programs of study;
7. Cooperation with locally Indian owned business and stimulation of economic development for the service area;
8. Continued independent accreditation; and
9. Community service and leadership.

Student Rights and Responsibilities

TMCC recognizes the basic rights and responsibilities of the members of the College and accepts its obligation to preserve and to protect these rights and responsibilities. Further, the College must provide for its members that which best serves the nature of the educational process.

Each student should realize that TMCC's primary mission is to meet the needs of the community and of the individuals who make up the community. Public opinions may be easily formulated as a result of the actions of any single individual. With this in mind, it is expected that each student and staff member will do his or her part to represent the College and to project its name in a positive manner, thereby enabling it to fulfill its mission of service in the tradition of excellence.

Students at TMCC will be responsible for familiarizing themselves with the contents of the TMCC catalog and student handbook.

Student Records and Information

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives students certain rights with respect to their education records.

Eligible students have the right to inspect and review their education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for eligible students to review the records. Schools may charge a fee for copies.

- Eligible students have the right to request that a school correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- ✓ School officials with legitimate educational interest;

- ✓ Other schools to which a student is transferring;
- ✓ Specified officials for audit or evaluation purposes;
- ✓ Appropriate parties in connection with financial aid to a student;
- ✓ Organizations conducting certain studies for or on behalf of the school;
- ✓ Accrediting organizations;
- ✓ To comply with a judicial order or lawfully issued subpoena;
- ✓ Appropriate officials in cases of health and safety emergencies; and
- ✓ State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information. TMCC considers the following as "directory" information:

- ✓ Student's name
- ✓ Address
- ✓ Telephone listing
- ✓ Electronic mail address
- ✓ Photograph
- ✓ Major field of study
- ✓ Degrees, honors, and awards received
- ✓ Dates of attendance
- ✓ Grade level
- ✓ Participation in officially recognized activities and sports
- ✓ Weight and height of members of athletic teams
- ✓ The most recent educational agency or institution attended

Schools must tell eligible students about directory information and allow eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

These systems, networks, and facilities are administered by the IT Department, as well as those administered by individual departments, laboratories, and other college based entities.

2. PURPOSE

The purpose of this policy is to ensure that information technology infrastructure promotes the basic mission of the college in teaching, learning, research, and administration. In particular, this policy aims to promote the following goals:

- To ensure integrity, reliability, availability, and superior performance of IT systems.
- To ensure that IT systems are used for their intended purposes.
- To establish processes for addressing policy violations and sanctions for violators.
- To ensure the users have the appropriate access for remote work and distance learning.

3. SCOPE

Use of institutional computers, network, and internet services is a privilege, not a right. All users are required to comply with this policy and the accompanying rules.

4. POLICIES

A. UNACCEPTABLE USE

Use of institutional computers, network, and internet services is a privilege, not a right. All users are required to comply with this policy and the accompanying rules. The following rules are intended to provide general guidelines and examples of prohibited use. Failure to comply with these rules may result in loss of computer and internet access privileges, disciplinary action, and/or legal action.

- All users shall have no expectation of privacy regarding computer files, email, or internet usage. Turtle Mountain Community College reserves the right to monitor all computer files, email, and internet usage without prior notice.
- All users may not attempt to gain unauthorized access to any other computer system or go beyond their authorized access. This includes attempting to log in through another person's account or access another person's files. These actions are illegal, even if only for the purposes of "browsing."
- All users will not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses or by any other means.
- All users are not allowed to download, copy, or install any games or unauthorized software on college computers. Any unauthorized software and games, if found in the college computers, will be removed by the college IT Department.
- All users will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language. Restrictions against inappropriate language apply to public messages, private messages, and material posted on social media sites. Please see Title IX Policy.
- All users will not post private information about another person.
- All users will not use College resources (including, for example, email, web pages, or newsgroups) to defame, harass, intimidate or threaten any other person(s), or to promote bigotry or discrimination.
- All users will not knowingly or recklessly post false or defamatory information about a person or organization.
- Use information systems to solicit for commercial ventures, religious or political causes, or for personal gain.
- Any attempt to negate or circumvent security controls, policies and procedures (e.g., disabling virus protection or tunneling a protocol through a firewall).
- Use that violates local, state or federal laws.

B. EMAIL

Use of email by staff, faculty, and students is permitted and encouraged where such use supports the goals and objectives of the institution. Users of TMCC's email services are expected to act in accordance with the following policies and with professional and personal courtesy and conduct.

- Email is an official means of communication at TMCC. Account holders are responsible for accessing their email in a timely manner.
- The Information Technology personnel will assign all users an official institution email address. It is to this address that the institution will send all official email communications.
- Any emails that discriminate against employees by virtue of any protected classification including race, color, gender, religion, national origin, sexual orientation, age, or disabilities, will be dealt with according to the harassment policy.
- You cannot send or attempt to send spam of any kind. Sending unsolicited email messages, including the sending of "junk mail" or other advertising material to individuals who did not specifically request such material (email spam).
- Once an employee has resigned or been terminated; or a student has withdrawn or graduated, they will have two weeks to save any email. After the two weeks the account will be deleted.
- Sending mass email that is unrelated to an individual's administrative or academic activity is completely prohibited. Mass emails are defined as messages sent to all students, all staff, all faculty, or when individual recipient addresses are not defined. IT manages email distribution lists of current staff, faculty, and students. There is no opt out provision for these lists. If you need to attach a large file please contact the IT Department for alternate methods of distribution.
- Users that sign a contract to use TMCC equipment including but not limited to laptops, tablets and other electronic devices are responsible for the replacement of damaged, lost or stolen equipment.[1]
- While the College makes a good faith effort to reduce the amount of spam delivered to individual mailboxes, it accepts no responsibility for the content of email received by account holders.
- Forgery (or attempted forgery) of email messages is prohibited.
- Attempts to read, delete, copy, or modify the email of other users are prohibited.

C. PRIVACY AND CONFIDENTIALITY

Communication via email is subject to all of the same public information, privacy, and records retention laws as other forms of communication. While TMCC email affords some measure of privacy, the redirecting of email by students to outside accounts and the sharing of messages with third parties can negate the privacy protection rights afforded by students to the College.

D. SOCIAL MEDIA

Purpose:

Turtle Mountain Community College encourages the use of social media to connect with others, including students, employees, alumni, fans, and the College. Social media sites are excellent venues to communicate and encourage engaging discussions about College current events, issues, accolades, organizations and people. This policy defines the rules and procedures for the use of social media.

Policy:

- Think first, post second. The things that can get you in trouble and subject you to discipline with the College can do the same in the realm of the internet and social media. Some examples include: sexually harassing a colleague, inappropriate interactions with students, derogatory statements,

threatening or intimidating others, violating privacy policies/laws, or defamation. Please refer to the TMCC Title IX Policy.

- Generally, employees should manage their personal social media accounts on their own time. There may be minimal personal use of social media while utilizing College resources but only to the extent such use does not hinder an employee's job productivity, the productivity of other employees, or College programs/activities.
- Computers, hardware, information technology accounts, and information technology infrastructure are property owned and operated by the College. As a result, the law does not grant you an expectation of privacy in your usage of them. Conduct personal matters on your personal devices and refrain from doing so on property owned by the college.
- You are prohibited from using the College name or image to endorse an opinion, product, cause, business, or political candidate or otherwise holding yourself out as a representative of the College when you are not.
- Be mindful of copyright and intellectual property rights of others and the college and of college policies regarding those rights. A common example would be posting a video with copyrighted music attached to it. All videos are subject to review by Facebook, Twitter, Instagram, etc., and they reserve the right to remove content and even possibly suspend your account if copyright infringement is in play.

Non Compliance/Breach of Policy

Violations of this policy will result in a review of the incident and may include action under appropriate College discipline processes. Corrective action may involve but are not limited to: a verbal or written warning, suspension or dismissal and/or termination of employment or privileges with Turtle Mountain Community College. This section does not preclude disciplinary action for conduct that involves social media and that also violates other College policies.

Best Practices:

- Be confidential. Be careful not to reveal confidential or proprietary information about TMCC students, employees or alumni. Adhere to all applicable College, Tribal and federal privacy and confidentiality policies. All employees of TMCC are subject to FERPA, and other laws mandating the nondisclosure of personal information.
- Respect TMCC. Remain professional and in good taste, and protect TMCC's institutional voice. As a representative of TMCC, avoid pranks and postings that could be misinterpreted. Ask your supervisor if you are unsure. Respect College time and property—TMCC computers and time on the job are reserved for College related business.
- Be respectful: Understand that content contributed to social media could encourage comments or discussion of opposing ideas. Responses should be considered carefully in light of how they would reflect on the poster and/or the college and its institutional voice. You are more likely to achieve your goals or sway others to your beliefs if you are constructive and respectful while discussing a bad experience or disagreeing with a concept or person. In addition, the Acceptable Use Policy prohibits threats or harassment by using TMCC's computing resources to "transmit material or data that causes or encourages physical or intellectual abuse or that causes or encourages harassment, explicit or implied."
- Create accounts with your departmental tm.edu email address. If you are setting up social media accounts on behalf of your department then be sure to add your shared departmental tm.edu address as an administrator. This will ensure a successful transfer of administrative power if and when you no

longer are responsible for updating the account.

- Assign responsibility. When possible, identify a full time appointed employee responsible for social media content and monitoring. If responsibility is not assigned, new content might not be posted, and the site will wither and die. As your site grows, you will also need someone familiar with the site to attest what is and isn't working for your audience.
- Finally, remember anything you post can resurface in the future. Anyone can screenshot and save any content that you post. Since you deleted a post after realizing it was inappropriate doesn't mean that it went unnoticed by even one individual. Always remember, think first before posting.

Guidelines for Handling Negative Posts

- When you've developed a vibrant social media community, it's inevitable that you'll get some negative posts. Most of these posts, handled well, create an opportunity to strengthen your community by solving a problem or generating a good discussion. Some may require a team response.
- Here's an overview of what to do:
- It's important to be calm, thoughtful and strategic when dealing with a negative post. Take the time to consider whether and how to respond.
- Confirm facts. Make sure you know the facts and current college policies and procedures related to the post.
- Sympathize. Consider whether to apologize. Often people who are upset simply want to know their complaint has been heard.
- Consider going offline. In many cases, the person who wrote the post will be willing to talk with.
- Say "Thank You." Social media depends on conversations to thrive. It's good practice to thank people for their posts, even if their post is a complaint or otherwise negative.
- Clarify. Sometimes social media posts are so brief that they can be misunderstood. Make sure your intent is clear.

5. NETWORK

Individuals who are eligible to receive access to network services.

The following users are identified as eligible to receive network services from TMCC. Any applicant for a network not described below should be referred to the IT Department, who will coordinate a decision on that particular case.

- Students: All full time and part time students may receive network privileges without restriction.
- Faculty: All full time faculty without restriction. Part time faculty, faculty with temporary or cyclical appointments, and visiting faculty may receive limited network privileges.
- Full time regular part time staff: All regular, non faculty, college employees may receive network privileges without limitations.

The campus community and its guests have access to the network provided they adhere to all established policies regarding network usage and are in compliance with applicable local, state, and federal laws. TMCC's network policies prohibit disruptive or abusive behavior, which includes but is not limited to using the network in the following ways:

Responsibilities

- Account Responsibility: Access to the TMCC's Network is through individual accounts with

password protection. Accounts and passwords are not to be shared. All violations of this policy that can be traced to an individual account name will be treated as the sole responsibility of the owner of that account.

- Network Degradation: The running of programs, services, systems, processes, or servers by a single user, or group of users, that may substantially degrade network performance or accessibility will not be allowed. Electronic chain letters, mail bombs, malware, spamming, and excessive recreational use of the TMCC Network are prohibited.
- Copyrights: Network users must respect all copyrights and intellectual property laws, and always provide proper attributions of authorship. Commercial software licensed to TMCC may be installed only on equipment and devices expressly covered by the licenses. Upon request from a network administrator, individuals who have software licensed to them and installed on a TMCC computer shall produce original disks and/or documentation to verify compliance.
- Printing: Network users are expected to use network printing in a responsible manner by printing only those materials essential to educational, academic, or College needs and by printing selected text rather than full text when possible.
- Business Transactions/Personal Use: The conduct of occasional private business or financial transactions when such uses are de minimis and sporadic in nature is permitted, provided such use does not degrade the TMCC Network performance.
- Prohibited Activities
- Spreading Computer Viruses and Worms: Deliberate attempts to degrade or disrupt the system performance of the TMCC Network or any other computer system or network on the Internet by spreading computer viruses, worms, and malware. As a precondition for network attachment and use, all personal computers and devices capable of running antivirus software must have up to date virus protection software installed and operating.
- Impersonation: Impersonation, false representation, forgery, pseudonyms, spoofing, deception, and other methods of hiding or cloaking the true identity of a user in order to mislead or avoid detection is prohibited.
- Unauthorized Access: Gaining or attempting to gain unauthorized access to, or make unauthorized use of, accounts, files, records, equipment, or networks is prohibited. Violating the privacy of others is also prohibited.
- Business Transactions: The use of the TMCC Network and/or personal web pages to offer goods or services of a business or commercial nature is not permitted except for those consistent with the College's educational or business mission.
- Illegal Activities: Use of the TMCC Network for any activity contrary to Federal, state, or local laws is prohibited. Illegal activities include, but are not limited to, tampering with computer hardware or software, unauthorized entry into computer systems or computer data, willful vandalism or destruction of computer data or files, or any attempt to defeat the TMCC Network security systems.

Any violations of policy may lead to TMCC's Information Technology Department employing network filters and possibly terminating network access in order to protect the integrity and security of the campus network.

A. PASSWORD

All TMCC staff, faculty, and students are responsible for taking the appropriate steps, as outlined below, to select and secure their passwords. The purpose of this policy is to establish a standard for creation of strong passwords, the protection of those passwords, and the frequency of change.

- All system level passwords must be changed on at least a 120 day basis.
- All production system level passwords must be changed on at least a 120 day basis.

- Passwords must not be inserted into email messages or other forms of electronic communication.
- All user level and system level passwords must conform to the guidelines described below.

Guidelines:

- It must be at least ten characters in length.
- It must contain at least one alphabetic, one numeric character and one special character.
- It must be significantly different from previous passwords.
- It cannot be the same as the user ID
- It cannot include the first, middle, or last name of the person issued the user ID.
- It cannot be a common word or name.
- It should not be information easily obtainable about you. This includes license plates, social security, telephone numbers, or street addresses.

B. WIRELESS

The purpose of this policy is to provide reliable and secure wireless network access.

This policy applies to all wireless network users at Turtle Mountain Community College

- TMCC is solely responsible for providing wireless networking services on campus. No other department may deploy wireless network access points or other wireless service on campus. Private wireless access points in the departments or offices are strictly prohibited.
- TMCC is responsible for maintaining a secure network and will deploy adequate security procedures to support wireless networking on campus.
- TMCC will provide temporary use of a wireless access point to support campus events.
- A "TMCC Staff" wireless network and a "TMCC Student" wireless network have been created. For a user to be able to access these wireless networks, the user must have an active, valid Turtle Mountain domain user account.
- Any "TMCC Guest" wireless network is created for public use. Any guest needing to connect a device via wireless network access shall first contact the Information Technology department in order for the device to be properly configured for accessing the campus network via wireless connection. Guest network access is offered for temporary use to guests of the Turtle Mountain community; it offers limited bandwidth and restricted access to TMCC services. TMCC Guest access should not be used by TMCC students, faculty or staff, except as needed for short term Internet access while resolving authenticated network access problems.
- A "TMCC Admin" wireless network is created for Information Technology use only.
- All wireless networks are controlled using policies and firewall rules, which prevent Internet/network activities not permitted

Consideration:

Wireless networking has bandwidth limitations compared to the wired network. The wireless network should be viewed as augmenting the wired network, to provide more flexible network use. Applications that require large amounts of bandwidth, or are sensitive to changes in signal quality and strength may not be appropriate for wireless access.

6. ENFORCEMENT

Users who violate these policies may be denied access to institution computing resources and may be

subject to other penalties and disciplinary action, including possible expulsion or dismissal. Alleged violations will be handled through the institution disciplinary procedures applicable to the user. The institution may suspend, block, or restrict access to an account, independent of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of institution or other computing resources or to protect the institution from liability. The institution may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Appeal Procedure

If the student is not satisfied with the written decision, they have five college days to request in writing that a grievance committee hear the matter. This request is given to the TMCC President. A hearing will be scheduled within five college work days. The recommendation of the grievance committee will be provided to the TMCC President within five college work days of the hearing. The President will have seven college work days to decide whether to accept the recommendation of the committee or to render a different decision. The TMCC President will notify the student in writing within that period. The President's decision is final and cannot be appealed. In cases where the appeal involves the Vice President, the President will hear the appeal. In cases where the appeal involves the TMCC President, the Board of Directors will hear the appeal.

Special Note Regarding Safe Practice If a question of safe practice is an issue, the student may not be allowed to continue in the course or program until the appeal process is concluded. TMCC Student Grievance Procedure

TMCC students have the right to express their concerns if they believe they have been treated unfairly, subjected to harassment, or been the victim of discrimination. The procedures for student grievances provide a means for students to express grievances, to request a form of relief, and to receive an objective hearing. Students are reminded that filing a false grievance is in violation of the Student Code of Conduct. The TMCC Vice President of Student Services is available to assist students who are considering filing a grievance. All required forms are located in appendix "A" of this handbook.

A. Academic Decision grievance procedure

The following procedure provides the steps for a student to file a grievance concerning a faculty member's academic decision. An example of an academic complaint is a final grade appeal.

1. The student wishing to file a grievance about a matter pertaining to an academic decision made by a faculty member should discuss the matter first with the faculty member whose action has caused him/her to consider filing the grievance in an effort to resolve the situation informally. This meeting must take place within 14 college work days of the date of the action.
2. If not resolved through informal discussion and over a period not to exceed seven college work days, the student may complete a student academic grievance form. The form is submitted to the Vice President of Academic Affairs.
3. Within the next seven college work days, the Vice President of Academic Affairs schedules a meeting with the student to attempt to resolve the concern. The person whose action caused the grievance may be invited by either the student or the Vice President of Academic Affairs to attend

the meeting.

4. Resolution of Grievance

- A. The Vice President of Academics Affairs must make a decision in relation to the complaint and must communicate his or her decision to the parties, in writing, within fourteen calendar days of receiving the grievance.
- B. If the grievance involves a college policy or procedure, the Vice President of Academic Affairs, may arrange for the relevant policy or procedure to be reviewed.
- C. If the resolution of the grievance involves potential disciplinary action for an employee, the Vice President of Academic Affairs must follow the appropriate disciplinary procedures for employees. If the Vice President of Academic Affairs does not have authority over the employee, they will forward a recommendation for disciplinary action to the appropriate supervisor.

Appeal Procedure

5. If the student is not satisfied with the Vice President of Academic Affairs' written response, they have five college work days to request in writing that a grievance committee hear the matter. This request is given to the TMCC President. A hearing will be scheduled within five college work days. The recommendations of the grievance committee will be provided to the TMCC President within five college work days of the hearing. The President will have seven college work days to decide whether to accept the recommendation of the committee or to render a different decision. The TMCC President will notify the student in writing within that time frame. The President's decision is final and cannot be appealed. In cases where the appeal involves one of the Vice Presidents, the President will hear the appeal. In cases where the appeal involves the TMCC President, the Board of Directors will hear the appeal.

Special Note Regarding Safe Practice

If a question of safe practice is an issue, the student may not be allowed to continue in the course or program until the appeal process is concluded. While every effort will be made to expedite the appeal process, there is a possibility that the grievance may delay the grievant completion of a course or program.

B. Non-Academic grievance procedure

The following procedure provides the steps for a student to file a grievance about the conduct of a faculty member, other TMCC employee, student, or auxiliary service personnel about a matter unrelated to academic decisions. Example of a Non-Academic grievance student to student argument, fighting, or threatening contact.

1. The student wishing to file a grievance about a matter not related to academic decisions should discuss the matter with the person responsible for the work area of the person who is the subject of the grievance in an effort to resolve the situation informally. This meeting must take place within 14 days of the date of the action.
2. If not resolved through informal discussion and over a period not to exceed seven college work days, the student may complete a Non-Academic Complaint Form within seven college work days of speaking with the individual who the grievance is against.
3. The form is submitted to the Vice President of Student Services
4. Within the next seven college work days, the Vice President of Student Services schedules a meeting with the student to attempt to resolve the concern. The person whose action caused the grievance

may be invited by either the student or the Vice President of Student Services to attend the meeting.

5. Resolution of Complaints:

- A. The Vice President of Student Services must make a decision in relation to the complaint and must communicate his or her decision to the parties, in writing, within fourteen calendar days of receiving the grievance.
- B. If the grievance involves a college policy or procedure, the Vice President of Students may arrange for the relevant policy or procedure to be reviewed.
- C. If the resolution of the grievance involves potential disciplinary action for an employee, the Vice President of Student Services must follow the appropriate disciplinary procedures for employees. If the Vice President of Student Services does not have authority over the employee, they will forward a recommendation for disciplinary action to the appropriate supervisor.

Appeal Procedure

- 6. If the student is not satisfied with the Vice President of Student Services' written response, the student has five college days to request in writing that a grievance committee hear the matter. This request is given to the TMCC President. A hearing will be scheduled within five college days. The recommendations of the grievance committee will be provided to the TMCC President within five college days of the hearing. The President will have seven college days to decide whether to accept the recommendation of the committee or to render a different decision. The TMCC President will notify the student in writing within that period. The President's decision is final and cannot be appealed. In cases where the appeal involves the TMCC Vice President, the President will hear the appeal. In cases where the appeal involves the TMCC President, the Board of Directors will hear the appeal.

C. Discrimination or harassment grievance procedure

The following procedure provides the steps for a student to file a grievance about the conduct of a faculty member, other TMCC employee, or student, about a matter that is related to the discrimination or harassment of the student based on the student's race, color, religion, gender, national origin, age, disability, or veteran's status relative to employment.

- 1. The student first contacts the Vice President of Student Services, Safety & Compliance Officer, or Human Resource Manager to provide a written description of the discrimination or harassment activity causing the grievance. This contact must take place within fourteen days of the date of the action.
- 2. The Vice President of Student Services, Safety & Compliance Office, or Human Resource Manager will meet with the person who is the subject of the grievance to document, in written form, information about the incident. This meeting must take place within seven college days of the filing of the grievance.
- 3. Additional persons who may be witnesses or observers of any information about the grievance may be interviewed by the Vice President of Student Services, Safety & Compliance Officer, or Human Resource Manager to provide written accounts of any activities relative to the issue.

4. After a review of all the documentation by the Vice President of Student Services, Safety & Compliance Officer, and Human Resource Manager, a decision will be written and provided to the student and the person who is being accused of discrimination or harassment. If the investigation confirms that discrimination or harassment occurred, the college will take corrective action including discipline up to and including immediate dismissal, as appropriate. Discipline may include verbal and written reprimand, reassignment, suspension, counseling, termination, or any combination of these actions. A decision must be made within 30 days of receiving documentation. Confidentiality of all parties involved will be respected to the extent of the law; retaliation against anyone reporting discrimination or harassment is prohibited. Similarly, filing a false complaint will result in serious consequences.

This request is given to the TMCC President. A hearing will be scheduled within five college work days. The recommendations of the grievance committee will be provided to the TMCC President within five college work days of the hearing. In cases where the complaint involves the Vice President, the President will hear the grievance. In cases where the grievance involves the TMCC President, the Board of Directors will hear the grievance.

Sexual Harassment

Sexual harassment is a form of sex discrimination, which is prohibited by law. It is the policy of the College that sexual harassment is unacceptable, shall not be tolerated, and that no member of the College community may sexually harass another. The College will follow the TMCC Title IX Policy for reported sexual harassment/sexual discrimination violations: [TMCC Title IX Policy](#)

TMCC defines sex discrimination and sexual harassment broadly to include any of three types of misconduct on the basis of sex (or gender), all of which jeopardize the equal access to education that Title IX is designed to protect: Any instance of quid pro quo harassment by a school's employee; any unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; any instance of sexual assault (as defined in the Clery Act), dating violence, domestic violence, or stalking as defined in the Violence Against Women Act (VAWA).

Sex Discrimination: includes sexual harassment and is defined as conduct directed at a specific individual or a group of identifiable individuals that subjects the individual or group to treatment that adversely affects their employment or education, or institutional benefits, on account of sex or gender (including sexual orientation, gender identity, and gender expression discrimination).

Sexual Harassment: is unwelcome and discriminatory speech or conduct undertaken because of an

individual's gender or is sexual in nature and is so severe, pervasive, and persistent, objectively and subjectively offensive that it has the systematic effect of unreasonably interfering with or depriving someone of educational, institutional, or employment access, benefits, activities, or opportunities. Students and visitors who are subject to or who witness unwelcome conduct of a sexual nature are encouraged to report the incident(s) to the Title IX Coordinator or any TMCC employee.

Hostile Environment: Sexual Harassment includes conduct that is sufficiently severe, pervasive, and persistent, objectively and subjectively offensive that it alters the conditions of education or employment or institutional benefits of a reasonable person with the same characteristics of the victim of the harassing conduct.

Quid Pro Quo Sexual Harassment exists when individuals in positions of authority over the complainant:

- Make unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature; and
- Indicate, explicitly or implicitly, that failure to submit to or the rejection of such conduct will result in adverse educational or employment action or where participation in an educational program or institutional activity or benefit is conditioned upon the complainant's submission to such activity.

Sexual Violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (*e.g.*, due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). Please review the TMCC Title IX Policy for full definitions: [TMCC Title IX Policy](#)

Reporting of Student Instances

Students shall report any instances of sex discrimination or sexual harassment to any TMCC employee and/or the Title IX Coordinator. A complaint should be filed as soon as possible. **If either the complainant or the respondent is a student, the incident will be addressed through the Title IX process.** The report can be made in person, by phone, mail, or email using the contact information listed for the Title IX Coordinator or by any other means that results in the Coordinator receiving the report. The report can be made any time, even during non business hours. TMCC strongly encourages anyone to report sexual violence and any other criminal offenses to law enforcement.

TMCC Student Club and Organization Fundraising Policy

TMCC Student Organization Fundraising Policy & Procedures

All revenue generating activities conducted by TMCC student organizations must follow TMCC policies, applicable (inter)national organization policies/procedures, as well as tribal, county, state, and federal laws.

Fundraising Policy

The need for registered TMCC student organizations to conduct fundraising events to provide financial support for their organization continues to increase at TMCC. Recognizing this need, the TMCC administration has established this fundraising policy with the following procedures and guidelines for conducting fundraising events. The overall purpose of this policy is to help organizations be as successful as possible in their efforts.

1. **Definition.** For the purposes of this policy, all activities involving the collection of money by registered TMCC student organizations are defined as revenue producing projects. Revenue producing projects include: the selling of printed materials, student produced goods, student provided services, the selling of tickets, travel packages and/or charging admission to private or public activities or the soliciting of voluntary contributions, and the selling of other goods and services.
2. **Financial Benefit.** Revenue producing events held on campus or in the campus facilities may not directly financially benefit the individual officers and/or members.
3. **Fundraising Privileges.** Only registered TMCC student organizations and the Student Senate may conduct revenue producing events on campus.
4. **Fundraiser Registration/Application.** All student organizations wishing to hold revenue producing

projects must register the project with the Vice President of Student Services Office. The fundraising application must be submitted at least five calendar days prior to the requesting date. Organizations planning ahead can turn in fundraising applications no earlier than the first day of the semester proceeding the semester of the event date.

1. Applications must be submitted for both on campus and off campus events.
2. The date, location, and a brief description of the revenue producing project must be completed on the fundraising application. The fundraising application requires the sponsoring organization's advisor and president's signatures. These signatures will indicate the organization's approval of the project. Without these signatures the fundraising project will be denied.
3. **Project Summary.** Within ten days of the completion of the event, the sponsoring organization should complete and return the project summary section of the application with a profit or loss margin stated. The information is kept in the Vice President of Student Services Office and is available for student organizations to review. This will allow them a chance to see what events they may or may not want to try in the future.
4. **Scheduling and Space Reservations.** Generally, two or more events of the same nature will not be scheduled at the same time for sales. This is to assist groups in being more successful. The sponsoring organization will need to check with the Vice President of Student Services for scheduling.
5. **Compliance with rules, policies, and laws.** The sponsoring organization assumes all responsibility for conducting a revenue producing project in compliance with the written policies and regulations of TMCC. In addition, the organization is responsible for knowing and abiding by all Tribal, county, state and federal laws.
6. **Assistance.** If you need assistance, the Vice President of Student Services and/or Student Senate provides assistance to student organizations conducting fundraising events.
