Dear President Monette:

I have received the reports from the two readers assigned to review the team report and institutional documents pertaining to the recent visit to your institution.

The panel of readers concluded that the recommendation of the visiting team should be transmitted directly to the Institutional Actions Council (IAC) without further review.

The team recommendation will be placed before IAC at its June 14, 2004 meeting. IAC may either adopt the team recommendation as the action of the Commission, or vote to defer action until further specified information is made available. Once IAC has made its decision, our Board of Trustees will then validate this decision. A letter setting forth the action will be sent to you shortly after the meeting has concluded.

If you have any questions about these further steps please telephone me at the Commission's office.

Sincerely,

Karen J. Solomon/su
